

ANIMALS INCLUDING HUMANS

To know about Chris Packham-Animal Conservationist-
 someone who works to protect animals, plants, and natural resources or to prevent the loss or waste of natural resources

Grouping Animals	
<p>Amphibians</p>	Amphibians are born in water but then develop lungs and live on land.
<p>Birds</p>	Birds have feathers, beaks and wings. Most birds can fly.
<p>Fish</p>	<i>Fish live in water and have gills, scales and fins on their body.</i>
<p>Mammals</p>	Mammals have fur or hair. They drink milk from their mother when they are young.
<p>reptiles</p>	Reptiles are cold-blooded animals with scales that live on land.

We can **touch**.
 We touch with our hands.

Our Senses

We can **hear**.
 We hear with our ears.

We can **see**.
 We see with our eyes.

We can **taste**.
 We taste with our tongue.

We can **smell**.
 We smell with our nose.

Carnivores
 Carnivores just eat **other animals** (meat).

Herbivores
 Herbivores just **eat plants**.

Omnivores
 Omnivores eat both **plants and meat**.
